

TRIBUTE TO MARY GRIFFIN ON
HER RETIREMENT AS SAN
MATEO COUNTY SUPERVISOR

HON. TOM LANTOS

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, September 21, 2000

Mr. LANTOS. Mr. Speaker, I would like to call the attention of my colleagues in the House to the remarkable public career of my dear friend Mary Griffin, who will shortly retire as a county supervisor of San Mateo County, California. I have known Mary for over twenty years, and during that time I have seen how her contributions have enriched our community and helped many individuals on a very personal level.

Mr. Speaker, Mary began her career as a teacher—in the Santa Rosa Public elementary schools (1954–1957), as an instructor in education at San Francisco State University (1957–1959), and as a teacher in the South San Francisco Unified School District (1973–1987). She began her public service in 1976 when she was elected to the Millbrae City Council. She served on the City Council for 13 years, and was twice elected as mayor (1980, 1984).

In March of 1987, Mary Griffin was elected to the Board of Supervisors of San Mateo County. She was re-elected to a full term in 1988, and then was reelected for two additional terms in 1992 and 1996. Mary served as President of the Board of Supervisors in 1989, 1993, and 1999. She served as President of the Association of Bay Area Governments (1991–1992) and as Vice Chair of the Bay Area Economic Forum (1995).

Mr. Speaker, during nearly thirteen years of leadership on the Board of Supervisors, Mary has demonstrated her outstanding leadership and commitment to dealing with issues of critical importance in maintaining the quality of life on the Peninsula. She has worked to deal with serious transportation problems in our area. She served on the Transportation Authority Board and the Metropolitan Transportation Commission (1989–1998), where she made important contributions to improving Peninsula transportation in a period of intense economic growth in our area. Reflecting her concern with issues involving the San Francisco International Airport, which is a critical transportation hub contributing to the economic vitality of our entire region, she made important contributions as a member of the Airport Land Use Committee, the Regional Airport Planning Committee, and the Airport Community Roundtable.

Mary has been in the forefront in protecting our fragile environment. In her first year as County Supervisor, Mary took the lead in county recycling efforts as the first and only chair of the County Recycling Task Force. She served on the Solid Waste Advisory Committee, as a member of the Congestion Management and Air Quality Committee, and Joint Air Quality Policy Committee.

The needs of children are at the top of Mary Griffin's agenda, and she has frequently emphasized that how we care for our children's needs today will determine our nation's tomorrow. As a child of a widow who worked for the

minimum wage, Mary still remembers those hard times, and she has focused on helping families and children make a better future. She has established or taken a leading role in a number of programs to help children—the "Share-a-Bear Program" for abused and neglected children in San Mateo County, the Children's Dental Program to assure that impoverished children with severe dental needs are cared for, and the Children's Executive Council to improve communication and cooperation among children's programs throughout the county.

Mr. Speaker, Mary Griffin has received numerous awards recognizing her commitment and contribution to our community—a PTA Honorary Life Service Award, Woman of the Year of the California Federation of Women's Clubs, Woman of Distinction of the Soroptimist International of Millbrae-San Bruno, Directors Award of the State Department of Social Services, and many, many others.

Mr. Speaker, I invite my colleagues to join me in extending our warmest congratulations to Mary Griffin on the occasion of her retirement as a member of the San Mateo County Board of Supervisors. Her commitment to public service is an inspiration and an example to all of us. We wish her well now that she will have more time to spend with her family: her husband, Walter Ramseur, her three children—John, Mary and Zachary—and her five grandchildren.

IN HONOR OF JERRY HAYES FOR
HIS REMARKABLE RECORD OF
PUBLIC SERVICE AND COURAGEOUS
ADVOCACY FOR PEOPLE
WITH DISABILITIES

HON. JIM RAMSTAD

OF MINNESOTA

IN THE HOUSE OF REPRESENTATIVES

Thursday, September 21, 2000

Mr. RAMSTAD. Mr. Speaker, I rise sadly to salute a courageous public servant from my district who passed away recently, a man who changed my life as well as the lives of numerous people with disabilities.

Thomas G. (Jerry) Hayes of Excelsior, Minnesota, was confined to a wheelchair since 1976 because of a mysterious virus which left him paralyzed from the waist down.

But when it came to issues of importance to people with disabilities, Jerry's mobility and spirit knew no bounds. He was a powerful, articulate and highly effective advocate for people with disabilities right up to his death earlier this month. His son, Tom, called Jerry a "professional volunteer."

Jerry was a highly successful business leader as head of Jersey Ice Cream and a food sales company. He viewed his disability not with regret or bitterness, but as an opportunity, an opportunity to help other people with disabilities and the poor.

I was a young State Senator when I first met Jerry Hayes, who quickly became one of my role models and a key member of my Disabilities Advisory Committee. Issues important to people with disabilities have been among my highest priorities since entering public service, and Jerry is one of the principal reasons why.

Jerry was well liked by everyone he met and his well-researched, heartfelt positions moved many lawmakers to change their thinking when it came to critical issues affecting people with disabilities.

Jerry used the very same assets that made him so successful in business—his dynamic personality, boundless energy and tremendous leadership skills—to increase public awareness of the daunting obstacles faced by people with disabilities as they tried to lead more independent lifestyles.

Jerry Hayes changed minds, softened hearts and, literally, moved buildings.

His relentless hard work led to buildings becoming more accessible for people with disabilities, just one of his many accomplishments. He was particularly interested in making churches more accessible.

When then President Bush signed the landmark Americans with Disabilities Act, Jerry Hayes received a personal invitation from the President to attend the event.

His life's work and volunteerism on behalf of people with disabilities read like a "Who's Who" of Twin Cities organizations which are there to help. Touched by his vision, energy and work ethic were the world famous Courage Center, where he was a member of the board, United Handicapped Federation, Quality Transit Coalition, Regional Transit Board, Catholic Charities, where he was also a board member, Special Olympics, Minnesota Board on Aging, Minnesota Governor's Planning Council on Physical Disabilities and others.

Jerry Hayes was also a veteran of the Army. A grateful nation owes him a tremendous debt of gratitude for his dedication to freedom for the people of the world and all Americans with disabilities.

I will always be grateful to Jerry Hayes for his exceptional leadership, visionary guidance and treasured friendship through the years. My thoughts and prayers are with his wonderful family: Mary, his wife of 46 years; son Joe and daughters Jean, Molly and Abbie; his eight grandchildren; his sister Mary and brother John.

A TRIBUTE TO THE SEVENTH
ANNUAL KIDS DAY AMERICA

HON. JAY INSLEE

OF WASHINGTON

IN THE HOUSE OF REPRESENTATIVES

Thursday, September 21, 2000

Mr. INSLEE. Mr. Speaker, I rise today in honor of the seventh annual Kids Day America. This weekend youngsters will gather in Silverdale, Washington to commemorate this day by learning about health, safety and environmental issues. Local law enforcement officers, doctors, dentists, lawyers, and community leaders will volunteer their time to help children develop healthy habits and an awareness of their environment.

I am heartened by this special event for several reasons. Kids Day America pools the collective resources of many talented adults for the common cause of passing knowledge to our children. Through this exercise we strengthen the bonds of our community—and it is this more than anything that will guide our

19000

children toward healthy and full lives. As we in Congress work to make our communities safe and beautiful with clean air and clear water, it is inspiring to know that children across the country are learning to protect these natural assets. Furthermore, as we struggle with health care costs for our elderly, it is vital that the habits of a healthy lifestyle are taught to our children.

Mr. Speaker, I commend all who have helped organize this important day. Their dedication and leadership truly distinguishes my Congressional District.

**TRIBUTE TO THE HUNGER
PROJECT**

HON. KAREN MCCARTHY

OF MISSOURI

IN THE HOUSE OF REPRESENTATIVES

Thursday, September 21, 2000

Ms. MCCARTHY of Missouri. Mr. Speaker, I rise today to honor the work of an outstanding group called the Hunger Project. The Hunger Project is a strategic organization and worldwide endeavor focused on ending hunger throughout the world. The Hunger Project strives for a more permanent, wide reaching solution to assure that all of us, including the citizens of underdeveloped societies in Africa, Asia and Latin America will one day know a world without hunger.

Each region, country, city and village that suffers from hunger is unique. It is this simple truth that guides the work of the Hunger Project. Instead of relying upon solutions that have been successful in other places, each situation is approached as a new initiative and a plan is designed specifically with the particular area in mind. Through the mobilization of both the grassroots and the local leadership, effective, specialized plans are devised and implemented. The Hunger Project stresses self-reliance and enablement; when people are given the right tools, they can create societal structures that will not only end their hunger, but also prevent it from ever happening again.

The key component of the Hunger Project's strategy is the empowerment of women. The unique position of women in society allow them to be the most effective agents of change in the battle against hunger. The responsibilities of nutrition, family planning, education and others typically fall to women, yet women are traditionally shut out of their society's development and decision making process in developing nations. The Hunger Project mobilizes women to fight for the ability to take control over their own lives and the future of their families.

This Saturday, the twenty-third of September, the Hunger Project is launching a new crusade against hunger targeted at South Asia. According to the Hunger Project's President, Joan Holmes, studies show South Asia suffers from the highest levels of childhood malnutrition in the world as a direct result of the oppression of women in this area. However, new laws in both Bangladesh and India allow women to serve in their local governments. The Hunger Project is utilizing this new opportunity to help women in those nations or-

EXTENSIONS OF REMARKS

ganize, mobilize and exercise these new rights to make hunger in their communities a memory.

Mr. Speaker, the mission and work of the Hunger Project are both admirable and vital. The dedication and commitment of individuals such as Karen Herman and other supporters of the Hunger Project are making the end of global hunger a goal within our reach. I salute their noble undertaking and look forward to working in partnership to assure that one day their vision of a world without hunger is realized.

**GOVERNORS ISLAND
PRESERVATION ACT**

HON. BENJAMIN A. GILMAN

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Thursday, September 21, 2000

Mr. GILMAN. Mr. Speaker, today I rise to introduce H.R. 5242, the Governors Island Preservation Act. This legislation is a historic opportunity to preserve and protect the third and final jewel of New York Harbor, Governors Island.

Governors Island was owned and operated as a military facility by the British and American armed forces for more than 200 years. This national treasure has played an important role in the Revolutionary War, the War of 1812, the American Civil War, World Wars I and II, as well as hosting the site of the 1988 Reagan-Gorbachev Summit, during the cold war.

In 1800, in order to provide for the national defense, the people of the State of New York ceded control of Governors Island to the Federal Government, then, in 1958, transferred the island outright for only \$1.

The U.S. Coast Guard has now vacated Governors Island because of the high costs involved in maintaining its base there. The now unused island is being maintained by General Services Administration with an annual appropriation and, by law, must be disposed of by 2002.

New York State and New York City need our help to preserve and protect one of our Nation's most important and beautiful landmarks, and turn Governors Island into a destination with significant open and educational spaces for public use.

The State and the city of New York have worked out a detailed plan that will protect the historic nature of the island while transforming the southern tip into a 50-acre public park, complete with recreation facilities and stunning views of the Statue of Liberty and the harbor. New interactive educational facilities, including an aquarium and a historical village, are planned, as is moderately-priced family lodging and a health center. The awe-inspiring opportunity we have to establish this new public space to complement both liberty and Ellis Island is unprecedented and mandates decisive action.

Accordingly, the Governors Island Preservation Act will open the doors to this opportunity by transferring the island back to the citizens of New York for the same nominal price the Federal Government paid.

September 21, 2000

Mr. Speaker, I would like to take this opportunity to call upon all my colleagues in asking their support for the Governors Island Preservation Act. Governor Pataki, Senators MOYNIHAN and SCHUMER, Mayor Giuliani, Speaker Silver, Representatives, NADLER, FOSSELLA, MALONEY, and myself, have all worked extremely hard to address every concern and develop bipartisan legislation which will open Governors Island up not only to the people of New York, but to our entire Nation.

**HONORING GEORGE ALTAMURA
AND HANDS ACROSS THE VALLEY**

HON. MIKE THOMPSON

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, September 21, 2000

Mr. THOMPSON of California. Mr. Speaker, I rise to recognize an extraordinary humanitarian from my congressional district whose tireless efforts will ensure that hundreds of individuals and families in our Napa Valley will not go to bed hungry tonight.

On Saturday, September 23rd, George Altamura will chair the 7th Annual Hands Across the Valley benefit to raise funds for local food programs. Mr. Altamura has made countless contributions toward improving our community including his work with Catholic Charities providing services to at-risk youths, victims of Alzheimer's and the homeless. None, however, are as significant and far-reaching as his efforts regarding this monumental event.

As a founding father and pioneer, George Altamura has been a driving force behind this community benefit's success. He joined Eleanor and Francis Ford Coppola as well as Linda and Johnny Miller in opening up his wonderful restaurant Bistro Don Giovanni to host the first Hands Across the Valley event in 1994. Five hundred guests participated in that inaugural evening to reduce hunger in our county.

Thanks in large part to George's leadership and determination, this event has grown every year. Because of him and his many friends, Hands Across the Valley has donated over \$600,000 to feed Napa's hungry families. This year's event is expected to be bigger and more successful than ever, with nearly 2,000 guests and volunteers working together to ensure none of our neighbors are without food.

Mr. Speaker, George Altamura has put his heart and soul into this event because he understands its importance. He knows that not everyone has shared in our nation's recent prosperity. He also understands that despite the media perception of Napa as a community for the wealthy, more than 7 percent of the county's population is below the poverty level and more than 21 percent are near the poverty level. A recent survey by the University of California and the Redwood Empire Food Bank found that 43 percent of individuals seeking food assistance each month at Napa food pantries and soup kitchens are children. The average household seeking assistance has four people. More than 30 percent do not have a stove or oven and 28 percent do not have a refrigerator.
